

INCANT LOTS CLEARED IN WAR AGAINST WEEDS

Clean-Up Drive Will Continue
Throughout City Sanitary
Head Says

As the result of the
work done last week, Sanitary
Head Charles T. H. H. has
practically all of the
city have been cleared
of weeds. What he wants
to be eliminated from
the city is the
most difficult part.
At the time the
drive was started, there
was no living thing
excepting man, woman
and child in the city.
Man, woman and
child have now returned.

Now, what remains is
the removal of the
weeds. This will be
done by the end of the
week. The plan is to
have as soon as possible
the plan to eliminate
the weeds.

NEWS OF MARION CHURCHES

LOCAL COUPLE TO TAKE PART IN CAMP MEET

Mrs. F. H. Watkin To
Take Charge of Music
Service

Rev. F. H. Watkin, 31, has charge of the Negro camp meeting at Camp Zion, Marion, Aug. 11-15. As a result of the objection of the white church of Nazareth, it was decided that Mr. Watkin as well as other representatives of the Negroes will be in charge. Mr. Watkin, who is a youth, and his party will include: Asburying Mrs. Watkin and Rev. Dr. L. C. Johnson, pastor of the Nazarene Church, and Rev. W. C. Lewis, pastor of the First Baptist Church.

The musical program will be given by the Vaughan Radio Chorus of Lawrenceburg, Tenn. Arrangements are made for holding the camp meeting during the winter months. There are sites in progress for the new Negro camp meeting at Columbus next Thursday evening until Aug. 7. A large number of Marion people, including Rev. and Mrs. Watkin, will attend.

Local workers for the meeting are Rev. M. Morrison, Kansas City, Missouri; secretary of foreign missions of the church of Nazarene, who spoke at the last Thursday night, Rev. Dr. F. W. Nease, Wallaston, pastor of the eastern Nazarene Church, and Rev. F. M. Messer, pastor of the First Methodist Church, Rev. and Mrs. E. B. Sutton of Kansas City, Mo., who are in charge of the musical end of the program. They have also obtained the radio stations.

6. FARR LARIE RECEIVER FOR SMOKEHOUSE

Creditors Agree On Appointment Made By Judge Scofield; Bond \$10,000

G. Farr Larie was appointed this morning as receiver for the Smokehouse, 113 E. Center, which was closed yesterday following a raid by the Butler County Police, which it was alleged that operations of the business is in violation of state and that appointment of a receiver was necessary to prevent its creditors.

Larrie's appointment as receiver was agreed upon by the creditors. He was named after serving his father, George S. Larie, who had his law office at Marion. Appointees of the court and other assets will meet Monday morning to plan outlined today. The烟店 will then negotiate for sale of the business and stock as a whole.

Mrs. Evelyn M. Cooper, who has operated the store since the death of her husband, O. J. Cooper, who started the business about 30 years ago, has lease on the building expires next year.

FILED ANSWER

Jonathan S. Held, defendant in suit brought by the Smokeshoppe, Atchison, Kansas, filed his answer today. In the course of his answer, he denied that he owned the plant, stating, "I never owned it in the past." He also alleged that he is not indebted to the Smokeshoppe for any amount. He is represented through Harry & Wenzel, Atchison law firm.

THREE BROTHERS AND SISTER IN ONE WEDDING

Three brothers and a sister are shown here participating in a quadruple wedding at Bloomington, Ill. All eight of the principals are college graduates, with the romances in most cases beginning on college campuses or in summer camps. A professor, a painter, a doctor and a V. M. C. A. secretary are the bridegrooms, while three of the brides have taught school. The marriages were performed the same night in the same church, but five ministers participated, one for each of the ceremonies and one for an extra prayer. Photo shows, left to right: Herbert Emil Werner of Jersey City, N. J., and his bride, Miss Georgia Kirby; Rev. Taylor Kirby and Miss Lucretia Hope; Prof. Amos N. Kirby and Miss Catherine Evans; and Mr. Leslie E. Riep and Miss Jean Horner.

HOME MADE OF HOLLOW LOG TO APPEAR HERE

Washington Man, Wife Touring Country with Unusual House Mounted on Truck

A rare little "house on wheels," made of a hollow log 10 feet long and 10 feet high, mounted on a truck and a half truck, and trailer, with its occupants, Mr. and Mrs. E. A. Wade, of Washington, state, is due to arrive in this city at 10 o'clock Monday, Aug. 1, and will be exhibited at the Central Junior High School grounds.

The log was originally a Douglas fir 311 feet high and was grown in Washington, having been hollowed out and converted into a comfortable two-room dwelling on wheels. It also contained nine other logs, each 22 feet long and containing about 50,000 board feet of timber. It is called "Wadeline" as it is 300 years old, having begun its growth in the year this country was discovered.

The log 10-foot log contained 6-foot board foot, nearly all heartwood. A circular hole was first bored through the center, then a four-foot hole was bored. An electric buzz saw, wedges and poles were used in fitting the interior to a two-room apartment with built-in breakfast nook, cupboard and fireplace. There are electric lights, an oil stove for cooking and two beds which fold up against the wall. The Wades have traveled more than 7,000 miles since leaving Alameda, Wash., Oct. 12, 1920.

A Story of Boyhood Adventures

BY JUDY MORTIMER LEWIS

It was the summer of 1918 when I got home from the war. I was a boy of 17 and my brother, 15. We had been in France for two years. When we got home, we were very tired and weak. My mother had to help us get around. She was a good cook and she made us feel better. One day, we went to the beach. We were swimming and playing in the water when we saw a man in a boat. He was wearing a hat and a coat. He was carrying a large basket. He was walking along the beach, pushing the basket along. We asked him what he was doing. He said, "I am collecting shells. I have found many shells on the beach. I am going to sell them to the tourists." We asked him if he wanted to come to our house. He said yes. We invited him to stay with us. He stayed with us for a week. We cooked him meals and he helped us with the housework. He was a nice man. We liked him very much.

METTING THE HOP-O-MY-THUMBS
"Glaa! Kerchunk!" Frog's legs shook and his fat body jolted out like a bellows. He was laughing.
"I used to think that you took me for a two-legged stone," croaked the frog. "I'm exactly what I try to make myself believe, but I never expected to find a Two-Legs! Now the boy will laugh when I tell them. Ah! You have seen me talking to you and me? We are coming up to find out who you are. In a moment we will be sure now. Don't be afraid. Say, can I keep a secret?"
"Of course. What is it?" asked Peter.

They will be happy until they find out what you are doing here that they are running out of the pond!"

"Then why?" The boy started to ask a question, but that was as far as he got.

"I whispered, 'Frogie, don't be afraid. I told you. They would be scared for giving away our secret secret. Here they are. Remember one thing—keep out of the way of their tongues!'"

Rex Beach, the celebrated novelist, will again appear before the microphone of WJAZ on the Red Network in a talk entitled, "Adventure in Local Color," at 8 p.m. Monday night. Beach has just completed his most recent novel, "The Shining Gall."

Mabel Lee France, American soprano who looks and sings like Dame Nellie Melba, will sing a series of solo numbers in a program that she has prepared for her second visit to New York.

Selections from the light operas, "Three Times" and the "Gold Girl" will be played as a radio concert by the Mediterranean over the Blue Network at 1 o'clock Sunday afternoon.

The balance of the music hour will be devoted to selections from Wagner including his "Turkish March."

The Moonlight Serenaders, the new radio appearance, which will be broadcast through WJB, Red Network, are planning to present a 30-minute period devoted to musical reminiscences at 8 o'clock Monday night. Milton J. Cross, will be host and George Adcox of the program.

The truth about the "70" is almost unbelievable unless you have had personal experience of its amazing pick-up, its velvety 70 and more miles an hour, its low-center-of-gravity comfort, the safety of its hydraulic four-wheel brakes, its unfailing wealth of power and its life-long dependability.

We'd like to have you drive the Chrysler "70". It will afford us great pleasure to arrange a test or comprehensive that you will know beyond doubt why Chrysler "70" grows in popularity by leaps and bounds.

The claims of other cars will seem to you a mere waste of words once you have let Chrysler "70" prove itself in a test of your own choosing.

**Ambassador's Summer Is
Spoiled by Naval Parley**

Sir Esme Howard Sizzles in Washington as Conference Wrangles

in naval conference and all the world

NEARLY all the news of the diplomatic conference centered either in Europe and Asia or in South America.

A third conference committee is to meet Saturday morning to discuss the naval armament agreement between the United States and Britain.

At the end of the week, the American delegation will be assembled at the Hotel Savoy in London to discuss the terms of the naval armament agreement.

Now, diplomats like to be held by the leg during the dog days to an hot capital as Washington, get to be at this season, but that's exactly Sir Esme's

problem.

Washington, by the way, has a idea that the business-as-usual session between the British representatives and Generals isn't going to mesh with the home campaign.

You hear the prediction made that the winter will be a national election in England before so many months are past, and a more accommodating London administration to deal with a recall of its best general on naval policy is a pretty long range projection.

Sir Esme Howard, as all aware, appears to have been assigned one of the midsummer "holidays" as the English will do so far as this week concerned, whatever may be the final fate of the Stanley Baldwin government.

As Washington interprets it, the British at Geneva say is effect:

"British long interests of the seas, inclining to continue holding their interests, but show willing to limit the size of their fleet on condition that America holds down to one a little smaller."

"We propose a 50-50 basis."

"Impossible," insist the British.

"It's our best offer," answer the American representatives — meaning they know it's the best offer the British will call, anyway.

Then they're deadlocked.

To say that anybody's assumptions would be to exaggerate. Nevertheless, each side evidently feels that the other's unreasonable.

There's a certain mutual suspicion.

Sir Esme's business is to manage his interests out of the United States if he can.

He's already left on his vacation when the Geneva jam begins to develop. Hurrying back to Washington from the seaside, he's been on the job ever since, in a spell of weather. He's still the eyeballs out of a salami.

FREE CLINIC CARES FOR ALL DURING FIRST WEEK

Children Appear Open-
ed Day: Success of Dis-
trictary Established

Two dental clinics were held for children, the first at Marion City, and the second at the University of Marion. All children and dentists were on hand for the day. Dentists from Marion and surrounding towns gave attention to 150 children and two adults were given examinations for members of the staff and their wives. Dr. E. L. Head, specialist in orthodontics and Prosthetics, members of Marion County Medical Society and Marion County Dental Society were in charge of the examination of children.

The clinic was being sponsored by the Marion County Federation of Women's Clubs, City Council, Chamber of Commerce and the Paraprofessional Health with the co-operation of Marion County Medical Society and Marion County Dental Society.

As well as children are being seen at the dispensary which will open Monday. Wednesdays will be the regular meetings of each week. There will be no duty dentists and there will be no weekly specialists to see the nose and throat disease, diseases of teeth and dentists attending and dentists and dentists will be on duty during the week.

PLEADS NOT GUILTY

George Way To Have Liquor Charge
Hearing Monday

Marion, July 23—Preparations were being made today for the hearing before Probate Judge Charles H. Martin before Monday of George Way, 21, Columbus, charged with illegal transportation of liquor. Arraigned late Friday, Way pleaded not guilty.

Way was held in connection with the breaking of an auto, said to have been used in a holdup, near Tremper and Fairland. Way was injured. His companion, George Whittemore, 21, also of Columbus, was fatally hurt during a fight later in the Kenton Hotel. Way was brought here after being held by Kenton authorities.

Morrow and Crawford County Scout Officials To Help Direct Activities

With the opening of the third period at Camp John A. Owens, south of the city, Thursday, 84 Boy Scouts and men connected with the organization, are registered for the encampment, said J. R. White, scout commissary of Morrow County, which has 18 boys at the camp, and Frank Jackson, master of Troop No 3 in Marion, are assisting the local officials at the camp. Burgess has the largest delegation with 21 boys.

Camp officials have decided that the camp for this season will close Aug. 18, as was planned. One more period besides the one now in session will be held, according to officials.

SCHMIDT DRUG STORE IN HANDS OF RECEIVER

W. Norbert Sams Appointed
To Handle Affairs of Old
Company

A series of suits brought in the municipal court since February, seeking the collection of accounts, culminated yesterday in the closing of The Schmidt Co. drug store on S. Main St. The store, which was one of the oldest drug stores in the city, was closed following the filing of a petition by the J. L. Sommer Manufacturing Co., of Newark, N. J., asking for the appointment of a receiver.

W. Norbert Sams, son of the Stump pharmacist, was appointed receiver by Municipal Judge William H. Martin and his bond was fixed at \$2,000. Fifteen actions totalled \$115,525 and including the suit brought by James H. Messinger, county treasurer for the collection of \$2500 delinquent personal taxes, were filed against the company in municipal court since February.

A judgment for \$12,50 was given the Sommer company, by Judge Martin, in judgment court on Feb. 2. In the next meeting of the company to pay the amount, according to the petition filed by the New Jersey company yesterday, that resulted in closing the store.

The concern, which was one of the city's earliest, was operated for many years by Louis Fischer. At the time of his death, nearly 15 years ago, the store was purchased by Charles Schmidt. Early this year the store was moved from its original location at the intersection of Main and Center Streets to 140 S. Main St. where the former site was taken over by the Schmidt Cigar Co.

CORNING MINERS HIT OPERATORS' PROPOSAL

Lee Hall Declares Threat to
Reopen Mines Only
"Bluff"

Coming, July 23—Ohio Coal operators today were informed of the unanimous adoption, at a mass meeting of 1,000 union miners here, of a resolution condemning the proposal of the operators that the coal strike be settled by the miners accepting a wage agreement providing for lower compensation than the Jacksontown agreement.

The resolution was adopted late yesterday after addresses had been delivered by Lee Hall, Columbus, president of Ohio United Mine Workers; David Watson, vice-president of the organization, and Richard Campbell, president of sub-district No. 2.

Declaring that the threat of Ohio operators to reopen their mines on a non-union basis was "bluff," Hall urged the miners to stand pat. Hall said that acceptance of the operators' offer would mean that about 55 per cent of the day laborers would receive less than that provided for in the 1917 wage.

Watson defended the policy of John T. Lewis, Indianapolis, president, United Mine Workers of America. Campbell stated that nearly all of the men working as miners and horses in the non-union mines now operating in the Pomeroy field are from the Hocking Hills.

The department of commerce reports that
the production of soft coal for the first six

two strikes been on.

Why Not Restore the Old Names?
In questionably there is merit in the federal
plan of road marking. Under the new system
a highway carries the same route number from
end to end. The convenience of this plan to
the interstate traveler is manifest. As it all
has to do to follow the same number to be
assured that he is on the proper course to
the destination he seeks.

By way of illustration No. 30 under the
new system is a great highway running from
coast to coast from New Jersey to Oregon.
Well and good. Incorporated into this great
highway however and made a part of it is
that portion of the Harding highway running
from Marion through Marion and Lucas to
Delphos which has become well known to
travelers.

Having this fact in mind the Marion Star
makes the remark that it is hardly prob
able that the federal authorities would have
objected had the state highway authorities in
dictated on the markers of the stretch thus
utilized as a part of route No. 30 that it was
the Harding highway that that part could
have been easily withdrawn without interfering
with the transcontinental number.

The best contribution that the Harding Me
morial association can make to the route
through Marion is the distinguished Ogleton
is buried says the Star. It is to erect
such markers. The state highway department
will offer no objection. It offers no
objection to highway as ordinary markers
routes anywhere with their symbols but it ap
parently made no effort to cooperate with the
associations to retaining the emblem on the
markers already erected.

What is true in the construction of the Hard
ing highway is true of the Lincoln. The latter
has become well known to the traveling public
and such portions of it as are so designated in
highways marked by the new system should
car markers descriptive thereof.

In Marion we know the great multitude
of motorists who come in. If the name of the
former president did not suit we ap
predate the interests of the people here in
Marion do not and we haven't a doubt but
that motorists would appreciate the name
the marker suggested.

It seems to us that the Harding Highway is
a violation and the Lincoln Highway a violation
should take this matter up and bring about the
marking of such portions of the federal roads
in such a way as to indicate in the case of
each that it is a part of a great highway named
after a former president.

The Public Is Being Gouged

COAL
ALL READS FOR WINTER
It is a wise man who lays in his
supply of coal now for next winter's use. At this season of the
year we can supply you with a su-
perior quality of coal, can put it in
into your cellar any time you find it
convenient, and can quote you a
price and terms that you will find
most attractive. There is no time
like the present to contract for
fuel.

REAL ESTATE SHOWS MARKED IMPROVEMENT

Upward Trend Evidenced In Volume of Trading in Deeds and Mortgages

Real estate shows a marked increase in Marion in July over the last month, evidence of an upward trend in the volume of trading seen in both the deed and mortgage records at the recorder's office.

Deeds of real estate were transferred

an increase of 11 per cent over the preceding week, and 100 deeds were filed, an

increase of 3. The total value totaled \$11,452, an increase of 2 per cent for the week in the last three months. A large percentage of the deeds were for transfers.

Only four lots were sold at farm

and village prices. The remaining 11 lots were sold in Marion, 10 of which were located in the city of Marion.

Thirty-three of the 111 mortgages

were to the local firms, and four no

sessions for 15, totaling \$57,655.

WATER SOFTENING PLANT

Above is shown the new chemical building of the Marion Water Co. with which the company will soften the city's water supply. It is said to be the last word in water softening plants.

Marion Water Co. Expects To Have Softening Plant In Operation By October

New Unit Will Be One of Most Modern and Up-to-Date in This Section of Country; Process Will Not Destroy Taste, Officials Claim

With work moving forward rapidly and drinking qualities of taste of the company claim.

Chemicals will be delivered to the plant on a regular basis. Located in immediately north of the chemical building, the lime and soda ash will be received in bulk and alum will be received in sacks. The lime and soda ash will be extracted from the cars by a truck mounted to receive storage tanks. Lime is later sent to the chemical house.
